

Modernizing Your Back Office: Expertise that Adapts to Your Business Environment and Business Needs

When you partner with outside experts, you can achieve your strategic finance and managerial accounting goals while reducing your overhead and human resources burden and – most importantly – freeing up your time to focus on your core business. With DLA's Outsourced Accounting Advisory Services, you can optimize your financial and operational processes and drive growth and innovation.

Our offerings are tailored to fit your requirements, adaptable to meet your changing needs, and include:

- Fractional CFO and CAO executive functions
- Controllership over accounting & finance departments
- Treasury management
- Revenue & expense processing
- Accounts payable
- Accounts receivable
- Forecasting & budgeting
- Month-end close & reconciliation
- Financial reporting
- Comprehensive back-office solutions

*Informed by public
company control
environments.
**Tailored to fit
your needs.***

Why DLA?

Client trust and operational excellence are our priorities. DLA has over 20 years of experience in Internal Audit and Technical Accounting Advisory. Forged through expertise in public company control environments and compliance, we leverage gold-standard accounting practices to deliver back-office solutions that fit seamlessly with your business.

We are obsessed with ensuring our clients obtain the highest value.

For more information about how we can help you leverage our expertise to provide creative strategies that address your most critical priorities and challenges, [contact us here](#).
